

Keyur Sanjay Pawar
Contact No:+91 9322089208

Email ID: keyurpawar3@gmail.com

LinkedIn: www.linkedin.com/in/keyur-pawar-760554251

Address: Vrundavan Colony Near Kargaon Naka Chalisgaon

Career Objective: To work with maximum potential in a challenging and dynamic environment with an opportunity of working with different groups of people and enhancing my skills with learning and experience for career growth.

ACADEMIC DETAILS

B E Pursuing (EnTC Engineering With DS Honors)	2022-2026	Aissms CoE, Pune	9.25 (SGPA 7 th sem)
Class XII (HSC)	2021-2022	Rashtriya junior college chalisgaon	82.83%
Class X (CBSE)	2019-2020	St . Joseph Convent School , Bilakhed	80.00 %

INTERNSHIP / EXPERIENCE

Data Analyst Intern – India Meteorological Department (IMD), Pune

Dec 2024- Feb 2025

- Worked with meteorological data temperature, humidity, rainfall, and wind to understand weather behavior.
- Cleaned, organized, and visualized datasets using Python, Excel, and MATLAB.
- Helped build early-stage models for weather trend prediction and short-term forecasting.
- Tools: **Python (Pandas, NumPy, Matplotlib), Excel, SQL, MATLAB**

Machine Learning Intern – CODEC Technologies India

Jan 2025 – Apr 2025

- Enhanced and trained various ML models for real tasks like classification and prediction.
- Worked on data preprocessing, feature extraction, and EDA to improve model quality.
- Implemented algorithms including Regression models, **KNN, Decision Trees, Random Forest, and basic Neural Networks.**
- Tools: Python, Scikit-learn, Pandas, NumPy, Matplotlib, Jupyter Notebook

PROJECTS

DataVault – Secure Flask Web Application

(Jun2025)

- Implemented a secure Flask-based web platform with JWT-protected REST APIs and full CRUD operations.
- Integrated a MySQL database using SQLAlchemy for scalability, reliability, and secure user data
- Tech stack:- **Python, Flask, MySQL, SQLAlchemy**

Sahayak – Advanced RAG Research Assistant

(Sep2025)

- Built an AI-powered **Retrieval-Augmented Generation (RAG) system** for intelligent document analysis with multi-modal PDF processing, semantic chunking, and **adaptive query handling.**
- Integrated vector-based **semantic search (ChromaDB), BM25 retrieval**, and contextual response generation using **Llama3.2** and Hugging Face.
- Developed context-tracking algorithms for personalized, stateful interactions.
- Tech stack: **Python, LangChain, Chainlit, OpenAI API.**

SecureFlow – Scalable ETL & MLOps Framework for Threat Detection

(Oct2025)

- Built an end-to-end MLOps framework for network threat detection using structured data
- Integrated scalable ETL pipelines for data ingestion, preprocessing, and feature engineering.
- **Tools: Python, ETL, Machine Learning, MLOps, Data Engineering, Network Security, CI/CD**

- Designed an **AI/ML-based autonomous rover** with **4-wheel and 6-wheel drive**, supporting manual to fully autonomous navigation on rough terrain.
- Implemented **computer vision and ML models** for **terrain classification, obstacle detection, mapping, localization, and path planning**, validated using **Gazebo simulations**.
- **Motor driver and power circuitry**, integrating **DC motors, motor drivers, and MCUs** with embedded control code for stable motion control.
- **Tech Stack:** Python, Machine Learning, Computer Vision | ROS, Gazebo, Autonomous Navigation, Path Planning | Camera, IMU | C/C++, MCU Programming, Motor Drivers.

SKILLS

Tech Stack& Skills

- **Languages :** Python, C/C++, SQL
- **AI / ML :** Machine Learning, Deep Learning, NLP, Computer Vision
- **Development :** Backend Development, API Development, Software Development
- **Frameworks & Tools :** Flask, LangChain, Hugging Face, OpenAI API
- **MLOps & Systems :** ETL, CI/CD, Model Deployment, Linux, Git
- **Embedded Systems :** MCU Programming , Rpi-3,ESP 32, STM 32

CERTIFICATIONS

- Advanced Python – National Institute of Electronics and Information Technology (NIELIT)
- Power BICertification – Microsoft Learn
- Build Your Own Generative AI Model & Leadership Certificate – Nxtwave
- Overview of Geographical Information System – IIRS-ISRO
- Google Advanced Data Analytics Professional Certificate – Google

ACHIEVEMENTS

- **Avishkar Maharashtra Hackathon 2023 2024:** Winner of hackathon competition conducted by AISSMS College of Engineering, Pune.
- **Ideathon Pitch Competition 2023:** Winner of startup pitch competition conducted by AISSMS Management Department.

MANAGEMENT EXPERIENCE

- **Founder & President | Universo Space & Astronomy Club** (2024–Present)
Led projects on Rover, Rocket (SONNE), and Satellite (CanSat) development.
- **Centre for Information, Training and Placement(CITP) Coordinator** (2025–2026)
Coordinating technical training programs under CITP to enhance student skills.
- **Startup & Internship Coordinator | Institution Innovation Council** (IIC) (2024–2025)
Facilitated internships and startup activities, connecting students with industry opportunities.

Declaration

All the information about me mentioned above is true and correct to the best of my knowledge. Place:
